

**God,**

Today we pray for the children of Bangladesh.

You know each child by name, and every single one is precious to you.

Their country has experienced a lot of sadness and unrest in recent weeks.

Schools have been closed and daily life has been disrupted.

We pray for those children who are sad, fearful, confused, or experiencing other big feelings.

May your arms wrap them up. Surround them with your peace and kindness.

Please be close to them, their families and their communities.

May they work together to build a hopeful and bright future for all.

In your name we pray,

**Amen**
