

Walnut Waka

To make your walnut waka you will need:

- walnut shells
- plasticine, playdough, or clay
- short sticks or skewers
- fabric or paper

1. Cut fabric or paper into the shape of your sail. Check out these Polynesian sail designs for more ideas.
2. Glue the sail onto the sticks with hot glue gun or PVA
3. Fill a tub with water and let your waka float
4. Use hot glue, playdough, or plasticine to secure the sail in the bottom of the waka
