

## Let's Make Grass Head People

### You will need:

- Lawn seed
- Old nylon stockings, thin socks
- Goggle eyes, pipe cleaners, felt.
- Yoghurt pots
- Coloured paper, scissors, felt pens.
- Hot-glue gun
- Wooden skewers for arms

### Instructions:

1. Cut stocking into 20cm lengths. Include the toe or knot one end and turn inside out to hide the knot

2. Stretch the stocking over a cup. Add a teaspoon of lawn seed.

3. Fill with sawdust or potting mix, until it is about tennis-ball sized.

4. Tie a knot and leave the dangling piece.

5. Use a rubber band to make a nose. Then set the stocking ball in the yoghurt pot with the dangling piece down.

6. Decorate your stocking head and yoghurt container.

### Check out online here:

### Let it grow:

- Soak head in water until wet
- Half-fill the container with water
- Place head in container
- If it needs support use a skewer to make arms. See left.
- Daily check the grass head has enough water by pressing with finger.
- Will start growing in a week and start balding after 6 weeks.
